## 2020 Winter Retreat

### OUR JOURNEY BACK TO LIFE IN RECOVERY:

#### BLESSINGS AND GRATITUDE

Our journey back to life in recovery offers freedom, spiritual growth, happiness, serenity and a deep inner peace. On this journey we have choices and decisions to make. We face blessings and challenges in our ministries and apostolates and we face personal graced moments and new opportunities. The spirituality of the 12 Steps continues to guide us along the journey. During retreat we will reflect on the 11th Step – sought through prayer and meditation – to improve our conscious contact with God. We will explore the Gospel values of charity, generosity and availability as men in recovery and ministry.

Guest House offers retreats periodically throughout the year to support clergy and men religious in recovery from a variety of addictive disorders. The retreats are offered to Guest House alumni and also to other clergy and men religious who came to recovery through other treatment centers or entered recovery on their own. Please feel free to invite other recovering clergy and religious to attend. Our retreats are designed as opportunities to reflect and to discuss in fellowship with other clergy and religious the material from the presenters. There is also important time for rest and relaxation, as well as individual and group prayer. Each year's topic is focused on subjects important to persons in recovery.
