

TREATMENT PROGRAM

Guest House welcomes women religious from across the United States and around the world. Since 1994, Guest House has been providing a unique place of hope and healing in a community atmosphere.

We offer a holistic approach to treatment and care that is based on the spirituality of the twelve-step recovery model. Our trauma-informed approach empowers our clients to mindfully address substance use disorders, cluttering and hoarding, overspending, compulsive overeating, and other behavioral health challenges.

Guest House is staffed by licensed, certified, on-site clinical and spiritual professionals who are dedicated to the unique needs of clergy and religious in their journey to recovery. Our experience tells us that a nurturing environment that addresses all aspects of healing supports quality recovery and overall health, restores relationships with God and others and returns a thriving person to ministry.

The women's program is located in the newest part of our facility which opened in the fall of 2014. Our women's facility offers ten private suites, dining area with dietician-managed meal plans, rooms for individual and group therapy, common relaxation space and a chapel – all in a tranquil and spirit-filled setting.

Our mission is to provide the information, education, treatment, and care needed to assure that women religious suffering from alcoholism, addictions, and other behavioral health conditions have the best opportunity for quality recovery and overall health and wellness.

Information regarding interventions, referrals and specific program services available 24 hours a day at **800-626-6910** or **GuestHouse.org**
